III. PROCEDURES:

A. Function of Student Intern Program

Student intern programs encourage increased personal contact for offenders, broaden community resources, and increase public awareness. Interns can assist in meeting the needs and mission of the Probation & Parole Bureau (Bureau) and offenders by providing direct services, as well as serving as an interface between the Bureau and the public.

Interns must not displace paid staff. All racial, ethnic, and social-cultural segments of the community are encouraged to participate in the Student Intern Program. Recruiting efforts may include the public, media, civic organizations, appropriate educational facilities, public agencies, local businesses, and individuals.
