**I. PURPOSE:**

When conducting hearings for adult offenders with alleged violations of supervision conditions, Probation and Parole Division employees will follow established procedures that ensure due process for offenders. Hearings will be conducted in a manner that protects victims, the public, staff, and offenders.

**II. DEFINITIONS:**

**Absconding** – When an offender deliberately makes the offender’s whereabouts unknown to a probation and parole officer or fails to report for the purposes of avoiding supervision and reasonable efforts by the probation and parole officer to locate the offender have been unsuccessful.

**Appropriate Good Time Credit** – The amount of good time appropriate under the policy in effect at the time the offender earned the credit.

**Case Management** – Assessing an offender’s risks and needs, developing and reviewing a case plan, referring and linking the offender with appropriate services, monitoring offender progress and compliance, and responding with appropriate incentives and/or interventions to increase the probability of positive change and offender success, and to help in reducing offender recidivism.

**Case Management Response** – An informal action in response to an offender’s behavior in which a Probation & Parole Officer may apply incentives or interventions based on the behavior.

- *incentive* is a response that recognizes and/or rewards desired and targeted offender behavior.
- *intervention* is a response that addresses offender violations of conditions of supervision or rules of a PPD program/facility without a Hearings Officer involvement, unless the offender refuses to agree with the given intervention.

**Compliance Violation** – A violation of the conditions of supervision that is not a non-compliance violation.

**Dead Time** – A period of time starting the date an administrative warrant is issued to the date a parole or conditional release offender is detained on the warrant. The PPD Administrator/BOPP will be the final authority regarding issuance of dead time.

Procedure No.: 6.4.206	Chapter: Community Corrections	Page 2 of 14
Subject: ADULT PROBATION & PAROLE FIELD HEARINGS		

**Disciplinary Hearing** – A formal administrative hearing that provides applicable due process requirements to confront violations of PPD facility rules, or conditional release or furlough conditions of supervision.

**Hearings Officer** – A Department employee who, as an impartial person, conducts Disciplinary, Initial “On-Site,” and Intervention hearings.

**Intervention Hearing** – An informal administrative hearing conducted when a Probation & Parole Officer reasonably believes that an offender has violated his/her conditions of supervision. §46-23-1015, MCA

**Lay Advisor/Interpreter** – A staff member or other responsible adult who can assist an offender with the hearing process when the offender is illiterate, does not understand English, or where the complexity of the issue makes it unlikely that the offender will be able to collect and present evidence.

**MORRA-Montana Offender Reentry and Risk Assessment** – A gender-neutral standardized and validated evidence-based instrument used to assess the probability of an offender recidivating and to identify risk factors and criminogenic needs to guide and prioritize appropriate programming; enhances sharing of offender information and assists in the efficient allocation of resources while an offender is under Department supervision. The Department uses the CSST for both male and female offenders, while using the remaining MORRA tools for male offenders.

**Non-Compliance Violation** – A violation of the conditions of supervision that is:

- a new criminal offense:
  - as interpreted by the Department’s Legal Office and for the purposes of this procedure, an initial appearance and court advisement for a new criminal offense is sufficient evidence of a violation of the conditions of supervision;
  - an interstate offender must be convicted of the new crime.
- possession of a firearm in violation of a condition of supervision;
- behavior by the offender or any person acting at the offender’s direction that could be considered stalking, harassing, or threatening the victim of the offense or a member of the victim’s immediate family or support network;
- absconding; or
- failure to enroll in or complete a required sex offender treatment program or a treatment program designed to treat violent offenders.

**PPD-Probation and Parole Division** – The Division oversees the Probation & Parole regional offices, interstate transfers, and the facilities providing assessments and sanctions, prerelease, and treatment services.

**Initial “On-site” Hearing** – A formal administrative hearing conducted at the site of the alleged violation or arrest to determine if there is probable cause or reasonable grounds to believe a parolee or interstate offender violated his/her conditions of supervision. §46-23-1024, MCA

**Secure Placement** – A management decision to place an offender at a secure facility when it has been determined the offender is inappropriate for community placement for objective reasons.

**Self-Surrender** – Release of an incarcerated DOC commitment who 1) has a conditional release pending or 2) is approved for placement in an approved PPD facility and waiting for an available bed in the facility. The offender must meet established criteria, and remains in the custody and control of the PPD.

Procedure No.: 6.4.206	Chapter: Community Corrections	Page 3 of 14
Subject: ADULT PROBATION & PAROLE FIELD HEARINGS		

**Up to 90-day Intervention Referral** (SB 63/64 2017) – A probation, parole, or conditional release offender referred for placement in a PPD facility for up to 90 days by a Hearings Officer in accordance with the *Montana Incentives and Intervention Grid for Adult Probation & Parole* and resulting from an intervention hearing.

**VINE-Victim Information and Notification Everyday** – An automated telephone, email, and text notification system that the Department purchases on contract from Appriss, Inc., which provides location and custody status updates about adult offenders under Department supervision.

**WRNA-Women’s Risk and Needs Assessment** – A gender-specific standardized and validated evidence-based instrument used to assess the probability of a female offender recidivating and to identify risk factors and criminogenic needs to guide and prioritize appropriate programming; enhances sharing of offender information and assists in the efficient allocation of resources while an offender is under Department supervision.
