Contractor Pre-existing Materials are not Work Product. Contractor shall provide full disclosure of any Contractor Pre-existing Materials to State before its use and to prove its ownership. If, however, Contractor fails to disclose to State such Contractor Pre-existing Materials, Contractor shall grant State a nonexclusive, worldwide, paid-up license to use any Contractor Pre-existing Materials embedded in the Work Product to the extent such Contractor Pre-existing Materials are necessary for State to receive the intended benefit under this Contract. 16. CONTRACT TERMINATION

16.1 State Termination for Cause with Notice to Cure Requirement. The written notice must demand performance of the stated failure within a specified period of time of not less than thirty (30) days. If the demanded performance is not completed within the specified period, the termination is effective at the end of the specified period.

16.2 State Termination for Convenience. State may, by written notice to Contractor, terminate this Contract without cause and without incurring liability to Contractor. State shall give notice of termination to Contractor at least thirty (30) days before the effective date of termination. State shall pay Contractor only that amount, or prorated portion thereof, owed to Contractor up to the date State’s termination takes effect. This is

Contractor's sole remedy. State shall not be liable to Contractor for any other payments or damages arising from termination under this section, including but not limited to general, special, or consequential damages such as lost profits or revenues.

16.3 Contractor Termination for Cause with Notice to Cure Requirement. Contractor may terminate this Contract for State's failure to perform any of its duties under this Contract after giving State written notice of the failure. The written notice must demand performance of the stated failure within a specified period of time of not less than thirty (30) days. If the demanded performance is not completed within the specified period, the termination is effective at the end of the specified period.

16.4 Reduction of Funding. State must, by law, terminate this Contract if funds are not appropriated or otherwise made available to support State's continuation of performance of this Contract in a subsequent fiscal period. (§ 18-4-313(4), MCA). If state or federal government funds are not appropriated or otherwise made available through the state budgeting process to support continued performance of this Contract (whether at an initial contract payment level or any contract increases to that initial level) in subsequent fiscal periods, State shall terminate this Contract as required by law. State shall provide Contractor the date State's termination shall take effect. State shall not be liable to Contractor for any payment that would have been payable had the Contract not been terminated under this provision. As stated above, State shall be liable to Contractor only for the payment, or prorated portion of that payment, owed to Contractor up to the date State's termination takes effect. This is Contractor's sole remedy. State shall not be liable to Contractor for any other payments or damages arising from termination under this section, including but not limited to general, special, or consequential damages such as lost profits or revenues.

16.5 Right of Assurance. If State, in good faith, has reason to believe that Contractor does not intend to, is unable to, or has refused to perform or continue performing all material obligations under this Contract, State may demand in writing that Contractor give a written assurance of intent to perform. Contractor's failure to provide written assurance within the number of days specified in the demand (in no event less than five business days) may, at State's option, be the basis for terminating this Contract and pursuing the rights and remedies available under this Contract or law.

17. EVENT OF BREACH – REMEDIES

17.1 Event of Breach by Contractor. Any one or more of the following Contractor acts or omissions constitute an event of material breach under this Contract:

18. FORCE MAJEURE

Neither party is responsible for failure to fulfill its obligations due to causes beyond its reasonable control, including without limitation, acts or omissions of government or military authority, acts of God, materials shortages, transportation delays, fires, floods, labor disturbances, riots, wars, terrorist acts, or any other causes, directly or indirectly beyond the reasonable control of the nonperforming party, so long as such party uses its best efforts to remedy such failure or delays. A party affected by a force majeure condition shall provide written notice to the other party within a reasonable time of the onset of the condition. In no event, however, shall the notice be provided later than five working days after the onset. If the notice is not provided within the five-day period, then a party may not claim a force majeure event. A force majeure condition suspends a party's obligations under this Contract, unless the parties mutually agree that the obligation is excused because of the condition.

19. WAIVER OF BREACH

Either party's failure to enforce any contract provisions after any event of breach is not a waiver of its right to enforce the provisions and exercise appropriate remedies if the breach occurs again. Neither party may assert the defense of waiver in these situations.

20. CONFORMANCE WITH CONTRACT

No alteration of the terms, conditions, delivery, price, quality, quantities, or specifications of the Contract shall be granted without the State's prior written consent. Contractor agrees that any personnel substituted during the term of this Contract must be able to conduct the required work to industry standards and be equally or better qualified than the personnel originally assigned. State reserves the right to approve Contractor personnel assigned to work under this Contract and any changes or substitutions to such personnel. State's approval of a substitution will not be unreasonably withheld. This approval or disapproval shall not relieve Contractor to perform and be responsible for its obligations under this Contract. State reserves the right to require Contractor personnel replacement. If Contractor personnel become unavailable, Contractor shall provide an equally qualified replacement in time to avoid delays to the work plan.

22. MEETINGS

22.1 Technical or Contractual Problems. Contractor shall meet with State's personnel, or designated representatives, to resolve technical or contractual problems occurring during the Contract term or to discuss the progress made by Contractor and State in the performance of their respective obligations, at no additional cost to the State. State may request the meetings as problems arise and will be coordinated by State. State shall provide Contractor a minimum of three full working days' notice of meeting date, time, and location. Face-to-face meetings are desired; however, at Contractor's option and expense, a conference call meeting may be substituted. Contractor's consistent failure to participate in problem resolution meetings, Contractor missing or rescheduling two consecutive meetings, or Contractor's failure to make a good faith effort to resolve problems may result in termination of the Contract.

22.2 Failure to Notify. If Contractor fails to specify in writing any problem or circumstance that materially affects the costs of its delivery of services or products, including a material breach by State, about which Contractor knew or reasonably should have known with respect to the period during the term covered by Contractor's status report, Contractor shall not be entitled to rely upon such problem or circumstance as a purported justification for an increase in the price for the agreed upon scope.

22.3 State's Failure or Delay. For a problem or circumstance identified in Contractor's status report in which Contractor claims was the result of State's failure or delay in discharging any State obligation, State shall review same and determine if such problem or circumstance was in fact the result of such failure or delay.

If State agrees as to the cause of such problem or circumstance, then the parties shall extend any deadlines or due dates affected thereby and provide for any additional charges by Contractor. This is Contractor's sole remedy. If State does not agree as to the cause of such problem or circumstance, the parties shall each attempt to resolve the problem or circumstance in a manner satisfactory to both parties.

23. TRANSITION ASSISTANCE

If this Contract is not renewed at the end of this term, if the Contract is otherwise terminated before project completion, or if particular work on a project is terminated for any reason, Contractor shall provide transition assistance for a reasonable, mutually agreed period of time after the expiration or termination of this Contract or particular work under this Contract. The purpose of this assistance is to allow for the expired or terminated portion of the services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such services to State or its designees. The parties agree that such transition assistance is governed by the terms and conditions of this Contract, except for those terms or conditions that do not reasonably apply to such transition assistance. State shall pay Contractor for any resources utilized in performing such transition assistance at the most current Contract rates. If State terminates a project or this Contract for cause, then State may offset the cost of paying Contractor for the additional resources Contractor utilized in providing transition assistance with any damages State may have sustained as a result of Contractor's breach.

24. CHOICE OF LAW AND VENUE

Montana law governs this Contract. The parties agree that any litigation concerning this bid, proposal, or this Contract must be brought in the First Judicial District in and for the County of Lewis and Clark, State of Montana, and each party shall pay its own costs and attorney fees, except as provided in Section 8, Defense, Indemnification/Hold Harmless.

25. TAX EXEMPTION

State of Montana is exempt from Federal Excise Taxes (#81-0302402) except as otherwise provided in the federal Patient Protection and Affordable Care Act 42 U.S.C. § 18001 et seq.

26. PERSONAL PROPERTY TAX

All personal property taxes will be paid by Contractor.

27. AUTHORITY

This Contract is issued under authority of Title 18, Montana Code Annotated, and the Administrative Rules of Montana, Title 2, chapter 5.

28. SEVERABILITY

A declaration by any court or any other binding legal source that any provision of the Contract is illegal and void shall not affect the legality and enforceability of any other provision of the Contract, unless the provisions are mutually and materially dependent.

29. PARAGRAPH HEADINGS

The captions and headings set forth in this Contract are for convenience of reference only and shall not be construed so as to define or limit the terms and provisions hereof.

30. SCOPE, ENTIRE AGREEMENT, AND AMENDMENT

30.1 Contract. This Contract consists of thirteen (13) numbered pages, any Attachments as required, and Contractor's response, as amended. In the case of dispute or ambiguity arising between or among the documents, the order of precedence of document interpretation is the same.

30.2 Entire Agreement. These documents are the entire agreement of the parties. They supersede all prior agreements, representations, and understandings. Any amendment or modification must be in a written agreement signed by the parties.

31. WAIVER

State's waiver of any Contractor obligation or responsibility in a specific situation is not a waiver in a future similar situation or is not a waiver of any other Contractor obligation or responsibility.
