I. POLICY

The Department of Corrections facility health care units will provide offenders with a system to request health care on a daily basis and be evaluated and treated in a timely manner for non-emergent illness, injury, and mental health needs.

II. APPLICABILITY

All secure care facilities Department owned and contracted, as specified in contract.

III. DEFINITIONS

Health Care Request – A verbal or written request for medical, dental, vision or mental health services.

Health Care Staff – Includes qualified health care professionals and non-licensed health care staff (e.g., medical records staff, health care aides) responsible for offender health care administration and treatment.

Mental Health Staff – Qualified mental health professionals and mental health trained correctional staff who have received instruction and supervision in identifying and interacting with individuals in need of mental health services.

Qualified Health Care Professionals – Physicians, physician assistants, nurses, nurse practitioners, dentists, mental health professionals and others who by virtue of their education, credentials, and experience are permitted by law to evaluate and care for offenders, including contracted or fee-for-service professionals.

Responsible Health Authority – The Clinical Services Division administrator who oversees all levels of health care and assures quality, accessible and timely clinical services for offenders. The individual is appointed by the Department director and reports directly to the Director or designee on matters of health care.

Sick Call – The evaluation and treatment of a patient by a qualified health care provider in a clinical setting, either on or off-site.

Triage – A process of sorting and classifying offender health requests to determine priority of need and the proper place for health care to be rendered.

IV. DEPARTMENT DIRECTIVES

A. General Requirements

1. Each facility will ensure that all offenders have the opportunity daily to request health care through oral or written requests.
2. Offenders must submit health care requests in accordance with facility procedures. Offenders may access care through:
 - a. a walk-in clinic;
 - b. written requests that are dropped into a locked box;
 - c. a staff-assisted telephone call to health care staff; or
 - d. a sign-up sheet on which offenders may place their names.
3. Non-health care staff may not determine whether an offender has access to or receives health care services.
4. In all cases, care should be taken to protect the confidentiality of offender health concerns.

B. Health Care Requests

1. All facility health care units will ensure that a qualified health care professional will collect, document, and triage each offender health care request in accordance with the following:
 - a. all health care request will be triaged within twenty-four hours of collection by the qualified health care professional with the most experience; and
 - b. documentation for each request will include the date of receipt, the staff member that triaged the request, the clinical disposition, the date of the disposition and the staff member that made the determination.
2. When a request describes a medical clinical symptom, a face-to-face encounter between the offender and a qualified health care professional occurs within forty-eight hours. (72 hours on weekends).
3. When a request describes a mental health clinical symptom, a face-to-face encounter between the offender and a mental health staff or qualified mental health professions occurs within 24 hours.
 - a. When the encounter occurs with a mental health staff, the mental health staff schedules the offender to be seen by a qualified mental health professional based on the protocols approved by the Responsible Health Authority or designee.
 - b. When qualified mental health professionals are not on duty within a 24-hour period, mental health staff using facility protocols established by the Responsible Health Authority and designated health authority, reviews and responds to offender's mental health requests.
4. Mental health staff are trained to triage and respond to offenders with mental health requests with training approved by the Responsible Health Authority, or designee.
5. When responding to health services requests, qualified health care professionals will make timely assessments in a clinical setting.

Subject: OFFENDER NON-EMERGENCY HEALTH REQUESTS AND SICK CALL

6. Qualified health care professionals will schedule offenders as clinically appropriate according to clinical priorities.
7. The frequency and duration of responses to health services requests will be sufficient to meet the health needs of the offender population.

C. Sick Call

1. All offenders, regardless of housing assignment, have access to regularly scheduled times for nonemergent health services (sick call). Sick call times and locations may vary among facilities to meet the needs of the offender population.
2. When a nursing assessment is required, the offender will be seen individually in a designated area to ensure privacy and confidentiality.
3. Qualified health care professionals will provide the offender with a verbal explanation of the assessment findings, any further recommended treatment or evaluation, and any patient education relevant to the health complaint.
4. Qualified health care professionals will make timely assessments in a clinical setting according to clinical priorities or, when indicated, schedule offenders as clinically appropriate when:
 - a. indicated by protocol;
 - b. referred by nursing or a mid-level practitioner; or
 - c. an offender reports to sick call more than twice with the same complaint and has not seen a physician.
5. When an offender request does not require a nursing assessment, health care staff must respond to the request in writing and document their signature and date of response.

D. Informing Offenders

1. Staff will inform all offenders of the procedures for requesting health care attention during the facility admission/orientation process.

E. Locked-Down Offenders

1. Qualified health care professionals will conduct daily sick call for locked-down offenders in accordance with *DOC 4.5.21, Locked Housing Offender Health Assessment and Services*.

F. Records

1. Health care staff will document each offender request or complaint and disposition in the offender's health record.

V. CLOSING

Questions concerning this policy should be directed to the Clinical Services Division administrator.
