III. PROCEDURES:

A. Media Relations/General Issues:

Designated PIOs will handle the day-to-day public and media relations duties of the region or office to which they are assigned, subject to the guidance and direction of the Probation & Parole (P&P) Bureau Chief and/or Adult Community Corrections Division (ACCD) Administrator, and in keeping with the Department’s and the Governor’s media plan.

PIOs will provide current, factual verbal and written information to the media; however, at times information for immediate release is limited due to the confidentiality, safety, and security needs of the Bureau and its staff. In those cases, every effort will be made to provide the public and media with as much information as possible and to establish times when additional information may be available.

B. Access to ACCD Facilities, Programs, and Offenders

1. News media representatives will be permitted access to ACCD programs, facilities, personnel and offenders at reasonable times of the day, with proper notice, and when there is no direct threat to program security. The Department encourages the media to make on-site visits to these programs and facilities as time and availability of staff permit. Program administrators will make every effort to accommodate reasonable requests from the media for on-site visits. The media will have the ability to interview offenders consistent with the security needs of the facility or program; the availability of staff to arrange interviews and provide escorts; and the willingness of offenders to speak to the media.

2. Offenders under community supervision do not ordinarily need to provide written consent or receive Department approval for news media interviews. Consent will be provided by the offender with the submission of P&P 10-5(A) Interview/Image Consent Form when:

   a. an interview is arranged by a Department staff member; or
   b. an interview occurs at a Department facility, program, or office.

C. Media Spokesperson:

PIOs will be the designated spokespersons for the P&P Bureau. Other employees will not comment to the news media as an official Department spokesperson unless specifically requested to do so by a BA or the Department Director (Director). To ensure accuracy of information provided, Bureau staff is not authorized to publish or release original printed materials developed by the Department without prior approval from an administrator or the Director. Bureau staff who wish to speak to the media as private citizens and not as representatives of the Bureau, will make those media contacts during off-duty hours, and make clear to the media they are representing their own personal views, not those of the Department or the P&P Bureau.

D. Media Calls/Inquiries:

Media calls will be directed to the attention of the appropriate PIO or the Communications Director, who will respond promptly and accurately. The following will be taken into
consideration when responding to inquiries from the media:

1. Responses will be confined to providing information about the P&P Bureau. Comments pertaining to official Department activities, operations or events at other Department facilities/programs should generally not be made.

2. In the case of a Bureau emergency, all public and media access may be limited. In this event, the BA will identify a press spokesperson who will periodically brief all media on emergencies. A media briefing center may be established away from the location of tactical operations if an emergency continues for an extended period of time.

3. The goal of the Bureau is to maximize the flow of accurate and timely information. Therefore, all requests for information will be answered unless an individual's right of privacy is in question, or there are legitimate security issues relating to the request that warrant the information not be released.

Whenever there is a question about releasing information to the press or the public, the P&P Bureau Chief and/or ACCD Administrator or the Director's Office should be contacted for direction. In cases where there may be a significant delay in responding to the inquiry, the spokesperson will explain the reasons for the delay and only provide information which can be released in the interim.
