III. PROCEDURES:

A. Notifications and Reporting

1. An offender death will be reported as a Priority I incident, and the procedures set forth in ACCD 1.1.600 RD Priority Incident Reporting will be followed once the death has been confirmed through facility procedures.

2. An initial DOC 1.1.6 (Attachment) Incident Report will be completed and faxed to the MSP Command Post at (406) 846-2953, Investigations Bureau at (406) 846-2951 and to the Prerelease Facility or Treatment Facility Contract Manager (Contract Manager) at (406) 444-7909 within (1) hour of verbally reporting the incident. A supervisor is responsible to review the Report for accuracy, completeness and clarity before signing. The Report must include the following information:
   a. time of death;
   b. nature of death, i.e., accident, natural, suicide, or homicide;
   c. circumstances surrounding nature of death;
   d. treatment rendered (if any); and
   e. persons notified of death.

3. All staff who witnessed the death will complete Incident Reports as soon as possible, but no later than the end of the shift.

4. The Contract Manager will notify the Facilities Program Bureau Chief; ACCD Administrator; Department Director, Deputy Director, and Communications Director; and CSD.

5. Unattended deaths and suicides will require a post-mortem examination. The CSD Administrator, or designee, will consult with the medical director and decide whether to request a post-mortem examination on all other cases.

A mortality review should be conducted and must include a review of the incident and facility procedures used; training received by involved staff; pertinent medical and mental health services or reports involving the inmate; and recommendations, if any, for change in policy, training, physical plant, medical or mental health services and operational procedures. For expected deaths, the incident report and post-mortem examination are sufficient documentation.
