III. PROCEDURES:

A. OBJECTIVES OF FTEP

1. To produce a highly trained and positively motivated employee capable of meeting or exceeding standards of performance required by PPD and the Department.

2. To improve Probation & Parole’s (P&P) selection process through on-the-job observation of each new trainee’s performance and his/her response to the training.

3. To build on the foundation of skill and knowledge acquired in the basic training experience through the creation of an environment in which the trainee may enhance those skills and increase proficiency in all aspects of job performance.

4. To establish an appraisal system which is valid and job-related, utilizing a standardized and systematic approach to the documented measurement of probationary performance.
5. To provide equal and standardized training to all newly-hired employees and to provide remedial training in those areas where deficiencies are identified.

6. To establish an additional career path within P&P by providing qualified staff (FTOs) with advanced training and opportunities to develop leadership and supervisory skills.

7. To ultimately increase the overall efficiency, effectiveness, and reputation of the organization through the modeling of professional, competent, and ethical behavior.

B. FIELD TRAINING AND EVALUATION PROGRAM (FTEP)

1. The FTEP is a progressive 8-week, 4-phase program providing entry-level training for newly-hired P&P Officers; however, the program may be extended based on the trainee’s need for additional training, progress-to-date, and the development of a remedial plan.
   a. The FTEP may be extended for a period of two (2) weeks to address the trainee’s deficiencies or weaknesses, or a total of 10 weeks maximum.
   b. If a trainee fails to complete FTEP in the allotted time, or does not respond to remedial training and coaching, the trainee’s performance will be discussed with the Office of Human Resources (OHR), the Deputy Chief and Bureau Chief.

2. The program covers a broad range of tasks, procedures, and categories that are position-specific and relevant for a P&P Officer’s job duties.

3. Trainees will not be assigned beyond the control of the FTO.

4. When possible, trainees will rotate FTOs every two (2) weeks for the first six (6) weeks of the program, and will return to the first FTO for the final Evaluation Only Phase.

5. Excluding holidays, all trainees are expected to work Monday through Friday, 8:00AM-5:00PM during the first year of employment. Supervisors are expected to schedule the trainee’s work week accordingly and FTOs shall be included when managing a trainee’s work schedule during FTEP.

6. FTOs will follow the FTEP Training Guide and are responsible for reviewing the knowledge and skills areas of the guide.

7. All data entry into MdE, Inc.’s programs is the responsibility of the FTO. Both the FTO and trainee are responsible for reviewing the daily observation reports and provide an electronic signature.

8. Although tasks of Phase I may begin prior to the MLEA P&P Basic Training, completion of FTEP will occur after the MLEA P&P Basic Training.

9. The FTEP will provide documented recommendations from MdE, Inc.’s ADORE Program for the retention or termination of the probationary trainee to the Deputy Chiefs (DC). Recommendations are based on observed performance and the trainee’s demonstrated ability or lack thereof. All recommendations will be immediately forwarded to the P&P Bureau Chiefs.

10. The FTEP Training Guide developed by the Department is reviewed at least annually and updated as needed.
11. The Deputy Chief/POII will conduct bi-weekly meetings with all FTOs beginning the second week of FTEP through the sixth week. Consideration should be given when scheduling meetings to accommodate FTO schedules.

12. Phases of FTEP:
   a. Phase One/Weeks 1 and 2: Introductory and Orientation Phase – Tasks outlined in the *FTEP Training Guide* including orientation, administrative items, observation, and shadowing FTO.
   b. Phase Two/Weeks 3 and 4: Tasks as outlined in the *Training Guide* with more trainee involvement in the necessary duties of a P&P Officer.
   c. Phase Three/Weeks 5 and 6: Tasks as outlined in *Training Guide* with increased trainee involvement in the necessary duties of a P&P Officer.
   d. Phase Four/Weeks 7 and 8: Evaluation Only Phase – Trainee will enter this phase if he/she appears to be capable of all P&P Officer duties with the FTO observing for evaluation purposes. The expectation is that all P&P Officer duties are performed by trainee and FTO provides more coaching than active participation
      i. Trainee will perform as the lead officer with little or no intervention or interference by the FTO.
      ii. FTO will intervene when necessary for officer safety, illegal or unethical activity, or actions which could cause embarrassment to the trainee, the Department, or the community.

C. EVALUATIONS

1. The information contained in FTEP evaluations is confidential and can only be shared with persons outside of FTEP on a need to know basis. All documents relating to trainee performance will be maintained in a secure way and treated as personnel documents.

2. Supervisors with administrative rights to the ADORE Program for FTEP will be able to view trainees’ performances and evaluate FTOs.

   a. FTO will complete a DOR in the ADORE Program beginning on the first day of the trainee’s second week of training, except for the first day of Phase Two and Phase Three if the trainee is assigned to another FTO.
   b. The DOR is based on standardized evaluation guidelines developed to ensure that the same standards are used when evaluating all trainees and to provide a defined and objective scoring mechanism for training items. Guidelines include the categories of:
      i. appearance;  
      ii. attitude;  
      iii. knowledge;  
      iv. performance; and

4. End of Phase Report:
