19.3 Notifications. The Department's and Contractor's Liaisons and Contract Managers may be changed by written notice to the other party. Written notices, requests, or complaints must be directed to the Liaison and Contract Manager. Notice may be provided by email, personal service, mail, or facsimile. If notice is provided by email, personal service, or facsimile, the notice is effective upon receipt; if notice is provided by mail, the notice is effective three business days after date of mailing.

20. MEETINGS

20.1 Technical or Contractual Problems. Contractor shall meet with State's personnel, or designated representatives, to resolve technical or contractual problems occurring during the Contract term or to discuss the progress made by Contractor and State in the performance of their respective obligations, at no

additional cost to the State. State may request the meetings as problems arise and will be coordinated by State. State shall provide Contractor a minimum of three full working days' notice of meeting date, time, and location. Face-to-face meetings are desired; however, at Contractor's option and expense, a conference call meeting may be substituted. Contractor's consistent failure to participate in problem resolution meetings, Contractor missing or rescheduling two consecutive meetings, or Contractor's failure to make a good faith effort to resolve problems may result in termination of the Contract.

20.2 Progress Meetings. During the term of this Contract, State's Project Manager shall plan and schedule progress meetings with Contractor to discuss Contractor's and State's progress in the performance of their respective obligations. These progress meetings will include State's Project Manager, Contractor's Project Manager, and any other additional personnel involved in the performance of this Contract as required. At each meeting, Contractor shall provide State with a written status report that identifies any problem or circumstance encountered by Contractor, or of which Contractor gained knowledge during the period since the last such status report, which may prevent Contractor from completing any of its obligations or may generate charges in excess of those previously agreed to by the parties. This may include the failure or inadequacy of State to perform its obligation under this Contract. Contractor shall identify the amount of excess charges, if any, and the cause of any identified problem or circumstance and the steps taken to remedy the same.

20.3 Failure to Notify. If Contractor fails to specify in writing any problem or circumstance that materially affects the costs of its delivery of services or products, including a material breach by State, about which Contractor knew or reasonably should have known with respect to the period during the term covered by Contractor's status report, Contractor shall not be entitled to rely upon such problem or circumstance as a purported justification for an increase in the price for the agreed upon scope.

20.4 State's Failure or Delay. For a problem or circumstance identified in Contractor's status report in which Contractor claims was the result of State's failure or delay in discharging any State obligation, State shall review same and determine if such problem or circumstance was in fact the result of such failure or delay. If State agrees as to the cause of such problem or circumstance, then the parties shall extend any deadlines or due dates affected thereby and provide for any additional charges by Contractor. This is Contractor's sole remedy. If State does not agree as to the cause of such problem or circumstance, the parties shall each attempt to resolve the problem or circumstance in a manner satisfactory to both parties.

21. TRANSITION ASSISTANCE

If this Contract is not renewed at the end of this term, if the Contract is otherwise terminated before project completion, or if particular work on a project is terminated for any reason, Contractor shall provide transition assistance for a reasonable, mutually agreed period of time after the expiration or termination of this Contract or particular work under this Contract. The purpose of this assistance is to allow for the expired or terminated portion of the services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such services to State or its designees. The parties agree that such transition assistance is governed by the terms and conditions of this Contract, except for those terms or conditions that do not reasonably apply to such transition assistance. State shall pay Contractor for any resources utilized in performing such transition assistance at the most current Contract rates. If State terminates a project or this Contract for cause, then State may offset the cost of paying Contractor for the additional resources Contractor utilized in providing transition assistance with any damages State may have sustained as a result of Contractor's breach.

22. CHOICE OF LAW AND VENUE

Montana law governs this Contract. The parties agree that any litigation concerning this bid, proposal, or this Contract must be brought in the First Judicial District in and for the County of Lewis and Clark, State of Montana, and each party shall pay its own costs and attorney fees.

23. TAX EXEMPTION

State of Montana is exempt from Federal Excise Taxes (#81-0302402) except as otherwise provided in the federal Patient Protection and Affordable Care Act [P.I. 111-148, 124 Stat. 119].

24. PERSONAL PROPERTY TAX

All personal property taxes will be paid by the Contractor.

25. AUTHORITY

This Contract is issued under authority of Title 18, Montana Code Annotated, and the Administrative Rules of Montana, Title 2, chapter 5.

26. SEVERABILITY

A declaration by any court or any other binding legal source that any provision of the Contract is illegal and void shall not affect the legality and enforceability of any other provision of the Contract, unless the provisions are mutually and materially dependent.

27. SCOPE, ENTIRE AGREEMENT, AND AMENDMENT

27.2 Entire Agreement. The documents referred to in 27.1 are the entire agreement of the parties. All prior negotiations, representations, and understandings between the parties are superseded by the Contract. Any amendment or modification of this contract must be in a written agreement signed by the parties.

28. WAIVER
