DEPARTMENT AND MONTANA STATE UNIVERSITY COLLEGE OF NURSING, HEREIN AFTER REFERRED TO AS MSU CON, AS PARTIES TO THIS MEMORANDUM OF UNDERSTANDING AND FOR THE CONSIDERATION SET FORTH BELOW, AGREE AS FOLLOWS:

2. **DUTIES/RESPONSIBILITIES OF DEPARTMENT AND MSU CON**

- A. **Schedules:** The faculty of MSU CON will assume responsibility, in coordination with the Montana Women's Prison (MWP), for the assignment of one (1) to three (3) students, student schedules, and the availability of clinical experiences. Changes to student schedules and the maximum number of students shall be agreed to by both parties.
- B. **Rules and Regulations:** MSU CON students will be subject to MWP rules and regulations which include, but are not limited to, providing assurance of CPR certification, adherence to assigned hours, participation in selected educational activities, compliance with uniform requirements, and receipt of required immunizations.

MSU CON students will be subject to a criminal background check completed by the Montana Department of Corrections (MDOC). MWP requires two days advance notice of all the nursing students requiring entrance to the facility. Name, date of birth, social security number, gender, and race of each of the nursing students will need to be faxed (406-247-5161) to the MWP liaison, Joan Daly (406-247-5112). Nursing students will not be allowed in the facility without a MDOC background check.

- C. **Supervision and Curriculum Development:** MWP will retain full responsibility for the care of clients and will maintain administrative and professional supervision of students in so far as their presence affects the operation of the facility and/or the direct and indirect care of patients. The MSU CON faculty is responsible for the supervision of the education of the students as well as curriculum construction.
- i. **Course Requirements:** Of the participating students, two are enrolled in N477, Population Based Nursing Care in the Community and one student is enrolled in N346, Nursing Care of the Childbearing Family.

A copy of the course/clinical objectives will be made available to MWP.

Students will meet the clinical objectives for this course in part by participating in a variety of activities at MWP and also by observing and working with a RN.

Onsite clinical supervision will occur one (1) to two (2) times or as needed throughout the semester.

The MSU CON instructor will be available to students via telephone during their clinical experiences should they require immediate guidance or consultation.

- ii. Role of the Student: Students may supplement but will not be used to supplant professional and/or regular personnel.
 - iii. Attendance and Conduct: MSU CON will provide MWP with standards of conduct expected of students. Attendance will average four (4) to eight (8) hours per week for six (6) to twelve (12) weeks during the semester.
 - iv. Student Removal: MSU CON will remove any student from MWP if the student, for reasons of health, performance, breach of confidentiality, questionable conduct, and/or other causes, becomes unacceptable to MWP.
- D. Orientation: An orientation to MWP will be provided to each new student group. This program may cover items such as student conduct, patient respect, confidentiality of patient care, facility rules, and location of various areas within the facility.
- The MSU CON instructor will meet with the RN's and orient them to the role of the student. The instructor will be in phone or email contact with the assigned RN preceptor.
- E. Evaluations: MWP preceptors will assess student performance by established MSU assessment formats. Faculty members are responsible for midterm and final evaluations utilizing assessment data provided by preceptors.
- F. Equipment and Supplies: MWP will make equipment and supplies available for clinical learning experiences; however, supplies furnished may be limited to those that would normally be used in the course of patient care and dependent on the current or expected needs of MWP.
- G. Health: To be eligible for assignment at MWP, students must conform to public health standards and be physically able to perform all physical requirements as determined by MSU CON.

Prior to registration for a semester that includes clinical experience, each student covered by this agreement will furnish MSU CON Department of Nursing with a certificate indicating that he/she has had a negative tuberculin skin test (PPD), negative chest X-ray, or negative sputum culture.

Prior to clinical experience, an update of immunizations will be required.

Due to the increased incidence of blood borne infections, nursing students shall obtain the hepatitis B vaccinations.

3. TIME OF PERFORMANCE

This Memorandum of Understanding shall take effect upon final signature and shall terminate on August 31, 2015 unless terminated earlier in accordance with the terms of this Memorandum of Understanding.
